CASE NO: **37-2014-00030629-CU-MC-CTL** CASE INIT.DATE: 09/11/2014

CASE TITLE: **Spencer S Busby APLC vs Bactes Imaging Solutions LLC [E-FILE]**

CASE CATEGORY: Civil - Unlimited CASE TYPE: Misc Complaints - Other

APPEARANCES

After due consideration of the evidence produced at trial, the arguments of counsel, and review of the applicable legal authorities, the Court finds that Plaintiff has not proven the causes of action alleged under Evidence Code Section 1158 and Business & Profession Code Section 17200. Nor has Plaintiff proven the Causes of Action for Conversion. There is no basis for Declaratory Relief. Judgment in favor of Defendant and against Plaintiff.

The Court has spent considerable time and effort studying the trial transcript and preparing an account of the trial proceedings and witness testimony that is more than complete as a Statement of Decision. What remains as to the Statement of the Decision is an explication of the Court's ruling which the Court should complete shortly. I wanted to alert counsel of this before counsel for Defendant embarked on an unnecessary draft Statement of the Case.

The Court appreciates the professionalism, collegiality and skillful advocacy displayed all through this trial. As the Court intimated at the time the trial concluded, several conflicting events caused considerable delay in the ruling. For that the Court thanks the parties and attorneys for their patience and understanding.
